Rockpoint Gas Storage owns and operates multiple facilities, including the AECO Hub<sup>(TM)</sup> and Warwick in Alberta, Canada; Wild Goose and Lodi in California; Salt Plains in Oklahoma and 50% of Tres Palacios in Texas. In total, Rockpoint Gas Storage owns or contracts approximately 300 Bcf of gas storage capacity. Please visit [www.rockpointgs.com](http://www.rockpointgs.com) for more information.

The Company is based in Calgary, Alberta and has an immediate opening for a Reporting Analyst, Risk Management.

The purpose of this document is to outline the basic role and responsibilities of the Reporting Analyst for Rockpoint Gas Storage and its subsidiaries and other assets within the company's portfolio. It is not the intent of this document to specify all duties associated with the position, but to give a general understanding of the expectations and capabilities the position carries.

### **JOB OVERVIEW**

Reporting to the Manager of Risk, the Reporting Analyst's primary responsibility is to measure, analyze, monitor and report on market risks. The Reporting Analyst will work closely with the front office to ensure timeliness and integrity of trade data, run daily and weekly reports and respond to requests for information from multiple groups within the organization.

### **KEY ACCOUNTABILITIES**

#### Daily/Weekly reporting:

- Send out reports on a daily basis on topics including, but not limited to, Mark to Market (M2M), Value at Risk (VAR), Foreign Exchange, Options, Basis and Power.
- Prepare ad hoc reports/analysis from for Accounting, Treasury, Auditors (Financial, SOX and Borrowing Base), Trade, Business Development, and Marketing in a timely and professional manner.
- Assist in the preparation of the weekly Senior Management Risk documents, including P&L, various position reports, Dodd-Frank and ICE compliance, pricing data and spreads, and various VAR metrics when required.

#### Systems and Data Integrity:

- Maintenance of Risk Systems data (fuel, forward curve pricing, FX rates, settlement prices, locations, user security, etc.).
- Continually monitor data for completeness and accuracy.

- Provide support to the Trade Entry role and spot check for data accuracy and that tasks are completed on a daily basis.
- Ability to amalgamate data from multiple sources.

**Audit Support:**

- Assist in the many requests for the Financial Audits, Risk Audits, SOX Audits and Borrowing Base Audits. Provide the requested data same day when reasonable.

**Provide backup for various Risk roles:**

- Provide backup for the Trade Entry role.
- Provide partial backup for Director and Managers in running select reports and ensuring certain tasks are completed when they are away.

## **REQUIRMENTS**

### **Education and Experience:**

- Successful completion of an undergraduate degree (Finance, Math, Stats preferred)
- 1+ years oil & gas industry experience preferred
- 1+ years of experience working in a busy Marketing and Trading environment is an asset

### **Skills and Knowledge:**

- Strong analytical skills
- Attention to detail and time management skills
- Strong Microsoft Excel skills
- Solid computer and communication skills, ideally some sql knowledge
- Self-directed and ability to work in a dynamic team-oriented environment
