

Senior Accountant

Rockpoint Gas Storage is a Brookfield Infrastructure portfolio company and is a first-class organization. The Company is the largest independent owner and operator of natural gas storage in North America, with strategically located assets in key natural gas producing and consuming regions. Rockpoint Gas Storage owns and operates multiple facilities, including the AECO Hub (TM) and Warwick in Alberta and Wild Goose and Lodi in California.

If you are looking to apply and expand your experience as a Senior Accountant in a friendly, fast-paced, dynamic, team environment, working with Rockpoint's Finance and Accounting team is a great place to learn and contribute, while gaining experience in the oil and gas sector. The company is based in Calgary, Alberta and has an immediate opening for a full time, Senior Accountant. The expectation of all of our Calgary employees is that they work 5 days per week in our downtown office.

The purpose of this document is to outline the basic role and responsibilities of the Senior Accountant for Rockpoint Gas Storage, its subsidiaries and other assets within the company's portfolio. It is not the intent of this document to specify all duties associated with the position, but to give a general understanding of the expectations and capabilities the position carries.

The Position

The Senior Accountant will report to the Senior Manager, Corporate Accounting.

Overall Responsibilities

The Senior Accountant is responsible for the delivery of timely, accurate and reliable financial information prepared in compliance with Rockpoint's financial policies and IFRS. This broad role involves participation in a variety of recurring financial reporting activities as well as special projects at the direction of management.

DETAILED RESPONSIBILITIES INCLUDE:

- Review/prepare various month-end close items.
- Review and prepare various quarter & year-end working papers and related notes.

- Assist management in evaluating and complying with internal controls.
- Assist management with the company's budgeting, forecasting and analysis processes.
- Review/prepare various entity-level financial statements for tax and other reporting purposes.
- Prepare and review submissions for various government surveys.
- Assist with the preparation of and/or reviewing of deliverables for external auditors.
- Perform and/or assist in other projects as required.

QUALIFICATIONS & EXPERIENCE:

- A Bachelor's Degree in finance or accounting and a CPA designation are both required.
- Three to five years of total experience (including pre and post-designation) in accounting and financial reporting.
- Advanced proficiency with Microsoft Excel and a functional understanding of other Microsoft applications (Outlook, Word, PowerPoint).
- Experience using an ERP system, especially Microsoft Dynamics 365 is considered an asset.
- Proficiency in IFRS is considered an asset.
- Experience working in a large or mid-sized accounting firm is an asset.

PERSONAL ATTRIBUTES:

- Excellent attention to detail, well-organized and thorough, with a desire for continuous improvement.
- A hands-on performer who can create accurate accounting and financial information and also critically evaluate that information.
- A hard worker who can efficiently meet tight deadlines in an environment with a high volume of activity.
- Strong interpersonal and team skills.
- Possesses proven written and spoken communication skills to effectively explain complex accounting issues clearly to the appropriate audiences.
- Must have a very high level of professional integrity
